

Issue #3 - 22 June 2010

### CEDIA Expo Starts This Week

CEDIA Expo 2010 begins tomorrow at the Melbourne Convention & Exhibition Centre and will finish on Friday 25 June 2010.

Come and visit us on **Stand Number 39** to see the latest products and services that we have to offer to the custom installation industry.

To avoid the queues on the day and gain free entry (save \$20) we encourage you to pre-book online now. Go to the visitor section at [www.cediaexpo.com.au](http://www.cediaexpo.com.au) and click on the green "Register" button located in the left side index. Enter your details and the promotion code **DUE10**. Once registered simply print your confirmation email with barcode and scan it at the registration counter to pick up your entry badge.

On display will be the Duelttek AV cable ranges, custom designed wall plates and products from Kramer Electronics.

Dueltek and Kramer staff will be on site to answer any questions you may have about our products or audio visual installation in general.

This year, the CEDIA Expo is co-located with DesignBUILD, Australia's only specialist B2B building design event, and as a visitor to the CEDIA Expo you will gain automatic entry to DesignBUILD. For more information about DesignBUILD, visit [www.designbuildexpo.com.au](http://www.designbuildexpo.com.au)

Don't forget to register to gain FREE entry to both exhibitions and we hope to see you at the show!

### 01 See these at CEDIA Silver, Gold and Platinum AV Cables and Accessories

It's hard to find good quality audio visual cables to suit every type of customer, but Duelttek now has three ranges to choose from. The Silver, Gold & Platinum ranges are suited to everyone's needs, desires & budgets.

**Silver:** Excellent quality cables. Generally with silver coloured connectors and strong gripped PVC mouldings that have been colour coded for easy installation. The Duelttek Silver Series AV cables are priced to suit the cost conscientious consumer looking for high quality performance.

**Gold (Formerly the Premium Range):** These superior quality cables are sold with a lifetime warranty and have been specially designed by Duelttek's own engineers. Fitted with Anti-Corrosion Gold Plated connectors and colour coded mouldings for easy installation, the Duelttek Gold series uses 28AWG wire and a softer grade PVC for maximum flexibility and performance.

**Platinum:** Regarded as some of the best AV Cables on the market today, the Platinum series is perfectly suitable for all home & industrial applications. These extremely high quality cables will produce crystal clear picture & sound. Constructed with 24AWG wire, flexible PVC casing & fitted with removable pewter gripped gold plated connectors.

### 02 See these at CEDIA Custom Designed Wall Plates

Customised Clipsal and HPM brand Wall Plates are now available with connectors and fittings for almost every audio visual & data application.

These striking wall plates will enhance the look and style of every home theatre, office or classroom. The sleek design compliments the latest interior design trends with gold and nickel plated connectors contrasting perfectly on your choice of White, Black or Brushed Aluminium styles.

User friendly functionality and solder free installation with female through connectors make Duelttek's wall plate range the professional installers preferred choice!

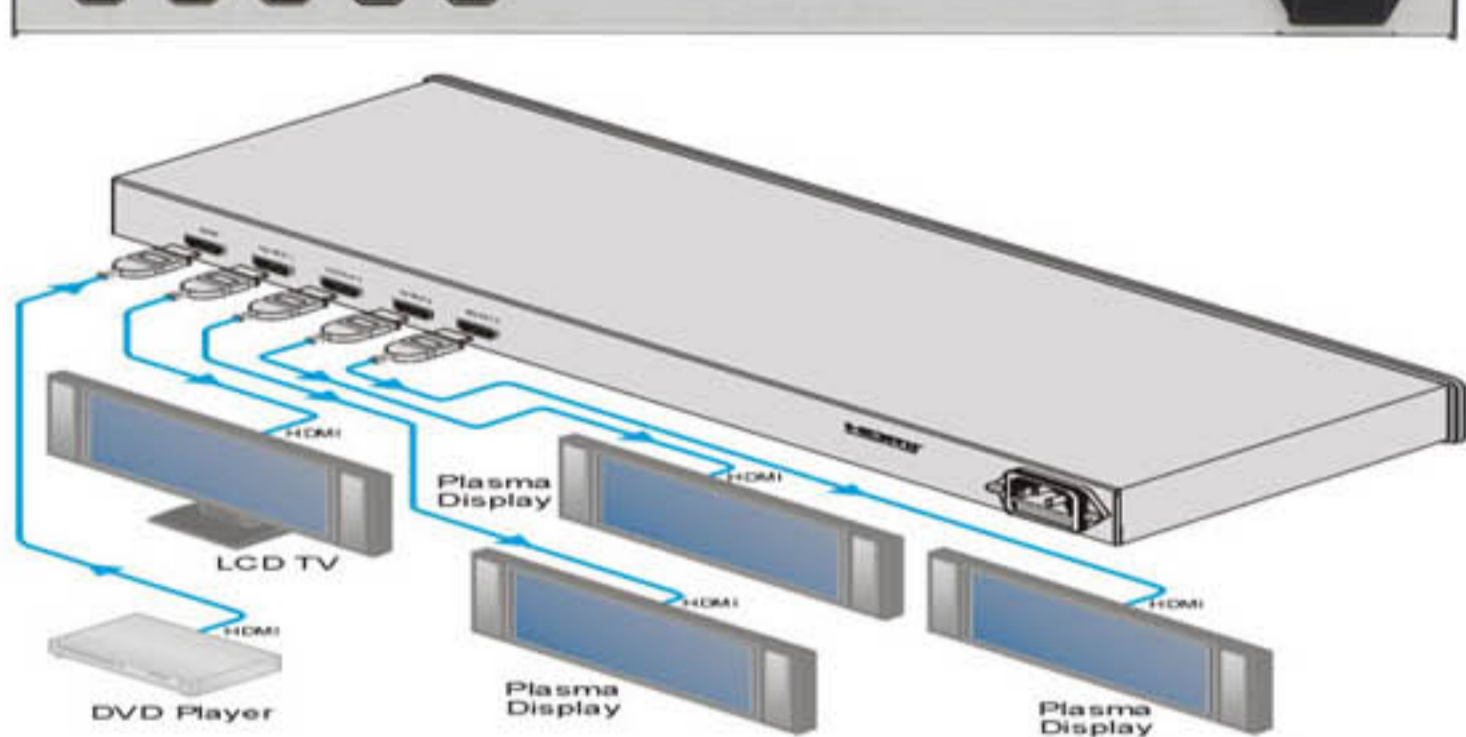

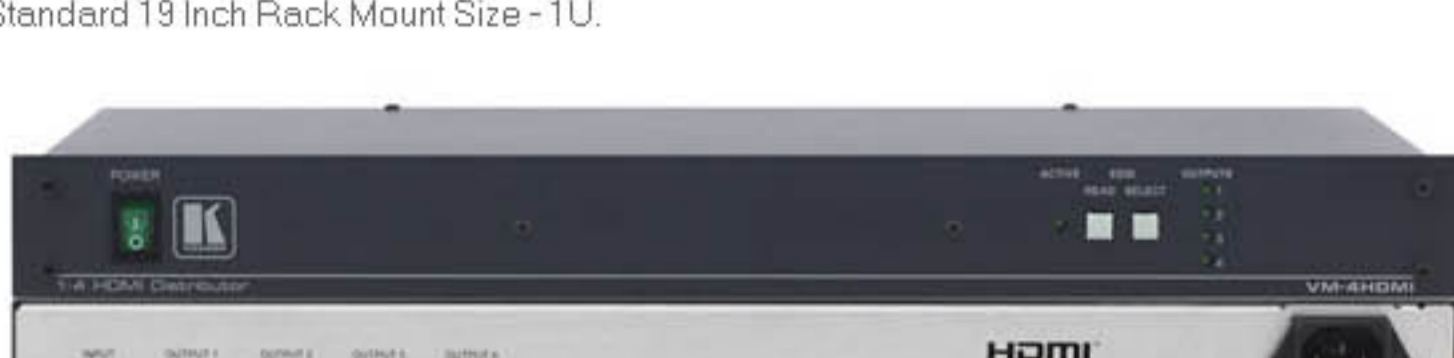

- HDMI, DVI, S-Video & VGA** Connectors for Monitors, Plasma TVs and LCD screens.
- Composite, Component & 3.5mm Stereo** Connectors for Audio, Video and Stereo Systems.
- USB** Connectors for Computer, Printer and Interactive Whiteboard applications.
- RJ45 & RJ12** Connectors for Ethernet Data Networking (LAN) Phone & Fax
- PAL and F-Type Aerial** Connectors for MTV, Foxtel (Pay TV) and TV antennae.
- XLR** Connectors for Microphone, Instruments & Professional Lighting equipment
- Serial, BNC, RCA, Toslink & Binding Posts** Connectors for Speakers, Coaxial & Data (DB9/DB25)

### 03 See this at CEDIA 1:4 HDMI Distribution Amplifier

The VM-4HDMI is a distribution amplifier for HDMI signals. It reclocks and equalizes the signal and distributes it to four identical outputs.

- MaxData Rate - 2.25Gbps.
- HDTV Compatible.
- HDCP Compliant.
- Kramer Equalization & re-Klocking Technology - Rebuilds the digital signal to travel longer distances.
- Enhanced EDID (Extended Display Identification Data) - The unit can store and recall a default EDID setting in non-volatile memory from one of the outputs allowing convenient and reliable connection to the source.
- Active Input & Output LED Indicators.
- Worldwide Power Supply - 100-240V AC.
- Standard 19 Inch Rack Mount Size - 1U.

#### Specifications:

- **INPUT:** HDMI Connector.
- **OUTPUTS:** 4 HDMI Connectors.
- **BANDWIDTH:** Supports up to 1.65Gbps bandwidth per graphic channel.
- **COMPLIANCE WITH HDMI STANDARD:** Supports HDMI 1.1 and HDCP.
- **CONTROLS:** SELECT and READ buttons for selecting and storing EDID information.
- **INDICATOR LEDs:** OUTPUTS 1 to 4, and ACTIVE LED.
- **POWER SOURCE:** 90-240VAC.
- **ACCESSORIES:** Power cord.
