- XLR** Connectors for Microphone, Instruments & Professional Lighting equipment
- Serial, BNC, RCA, Toslink & Binding Posts** Connectors for Speakers, Coaxial & Data (DB9/DB25)

02 2010 TOP SELLER VGA Cables with Integrated Audio Audio Visual

One of the flagships of the Duettek AV range is our VGA with integrated audio (VGAA). It connects any VGA video with audio to any computer, switch or splitter with HD15/3.5mm stereo female ports.

This premium combo cable eliminates clutter and improves cable management. The VGAA cable supports all VGA monitors including analogue flat panel display, high resolution desktop, CAD and graphic workstations.

It has colour-coded connectors for error-free hook-up, triple shielding for maximum graphics performance, prevents signal loss, screen ghosting & loss of colour

All Duettek VGAA cables are made to UL standard with Tri-Coaxial + 7 Control wire cable to suit XGA Super High Resolution. They also have an integrated 3.5mm Stereo Audio connector at both ends on a short breakout cable. Each High quality cable is foil and braid shielded. Pin 9 is removed as required by VGA/XGA controller standards.

SPECIFICATIONS

- Tri-Coaxial + 7 Control Wire
- 24AWG Wire
- 3.5mm Stereo Speaker Wire
- Foil and Braid Shielded
- PC99 Colour Coded Mouldings
- 24k Gold Plated Connectors
- Lifetime Warranty
- Available in 1.5, 3, 5, 10 and 15 Metre Lengths

03 2010 TOP SELLER Audio Visual Cables Audio Visual

It's hard to find good quality audio visual cables to suit every type of customer, but Duettek now has three ranges to choose from. The Silver, Gold & Platinum ranges are suited to everyone's needs, desires & budgets.

SILVER: Excellent quality cables. Generally with silver coloured connectors and strong gripped PVC mouldings that have been colour coded for easy installation. The Duettek Silver Series AV cables are priced to suit the cost conscientious consumer looking for high quality performance.

GOLD: These superior quality cables are sold with a lifetime warranty and have been specially designed by Duettek's own engineers. Fitted with Anti-Corrosion Gold Plated connectors and colour coded mouldings for easy installation, the Duettek Gold series uses 28AWG wire and a softer grade PVC for maximum flexibility and performance.

PLATINUM: Regarded as some of the best AV Cables on the market today, the Platinum series is perfectly suitable for all home & industrial applications. These extremely high quality cables will produce crystal clear picture & sound. Constructed with 24AWG wire, flexible PVC casing & fitted with pewter gripped gold plated connectors.
