

## Dueltek Celebrates its 25th Anniversary

Serving the Australian IT & AV Industry since 1986

Dueltek is celebrating its 25th anniversary this month. Established in 1986, Dueltek began as a computer repair centre specializing in Cable Manufacturing, Repairs, Consulting, Engineering, Service & Upgrades.

After successfully moving across to a wholesale business model during the early 90's, with a new focus and mission on importing high quality cables & accessories, Dueltek has etched itself as one of Australia's leading distributors in the IT and AV industry.

"We are very proud of our achievement & continued growth in an industry which seldom allows for longevity." Says Gary Herzig (Managing Director) "We have always strived to provide high quality products & services, which we believe is the reason our clients are so loyal."

On behalf of everyone here at Dueltek, we would like to thank all our clients and vendors past and present for making the last 25 years so rewarding.
